### CALL FOR ONBOARDING OF STARTUPS IN SELECTED SECTORS

#### About IDEAS-TIH:

The Technology Innovation Hub, IDEAS (Institute of Data Engineering, Analytics and Science Foundation), at the Indian Statistical Institute Kolkata is one of the 25 TIH set up under the aegis of National Mission on Interdisciplinary Cyber Physical Systems (NM-ICPS) of the Government of India. It is an Innovation Hub in the technology vertical "Data Science, Big Data Analytics, and Data Curation" supported by the Department of Science and Technology (DST), Govt. of India. The IDEAS-TIH is incorporated as a Section 8 Company promoted by the Indian Statistical Institute, Kolkata dedicated to conduct cutting edge, translational developments in the aforementioned areas. For more information, visit [www.ideas-tih.org](http://www.ideas-tih.org)

The specific objectives of the IDEAS-TIH are development of products, strengthening of entrepreneurship ecosystem by nurturing innovation and startups, and skill development pertaining to Data Science.

#### Call for Proposal:

Calling innovators and Startups with characteristics mentioned below interested to onboard with the incubation center of IDEAS TIH, ISI Kolkata.

#### Desired general characteristics of the startup:

- Promoters should be having extensive relevant industry experience
- The company should not have received any external funding

#### Specific characteristics for the startup:

Sector / Domain	Desired characteristics
ESG	<ul style="list-style-type: none"><li>• Strong experience in consulting in the ESG industry offering assessment and/or assurance services including national and international reporting standards</li><li>• Extensive experience with usage of a variety of ESG related software tools</li></ul>
Data Analytics	<ul style="list-style-type: none"><li>• Experience of developing a software solution in the analytics domain that has been deployed for paying customers</li><li>• Strong experience in using open source software components for data visualisation, UI, machine learning, generative AI</li></ul>
Data Engineering	<ul style="list-style-type: none"><li>• Experience of developing web-based, multi user data platform in the data domain that has been deployed for paying customers</li><li>• Strong experience in using open source software components for ingestion of structured and unstructured data, databases, data lakes, distributed processing, machine learning, generative AI</li></ul>

**How to Apply:** This is an open call and interested startups may contact

Mr. Debashis Ghosh  
Head - Technology Business Development & Incubation  
Email: [incubationlead@ideas-tih.org](mailto:incubationlead@ideas-tih.org)  
Phone: +91 98301 07911

There is no deadline / end date for this call. Startups found eligible will be contacted for further discussion.

A General Term Sheet (GTS) will be signed with the Startup prior to onboarding. The Term Sheet is not a commitment to invest and is conditional upon fulfillment of all statutory and regulatory compliances, the completion of due diligence, legal review and documentation that is satisfactory to the TIH.

Before funding, Due Diligence of the Startup to be carried out by an independent professional appointed by the TIH for the purpose.

During the tenure of engagement of the Startup in the Incubation Programme of IDEAS-TIH prior to any funding, the Startup may be incubated with any other incubator towards fulfilling its obligations, legal or otherwise.
